Quick filter

Delicious fresh filter coffee

The taste of quality worldwide

■ Quick filter

The wonderful aroma gives it away immediately... freshly brewed filter coffee! With the robustly designed Novo and Iso from Bravilor Bonamat you can quickly brew the desired amount of coffee. The machines feature a manual filling system for sites where connection to the water mains is unavailable, so you can enjoy freshly brewed coffee at anytime and anywhere. This quick filter equipment is designed in high-quality stainless steel with black accents and both machines are equipped with a plastic filter pan. With the Novo and Iso Bravilor Bonamat offers you a flexible solution for your coffee!

Novo

- Features a manual fill water system allowing the machine to be placed anywhere
- Two self-regulating hot plates maintain an optimum coffee quality
- User friendly and low maintenance

Iso

- Brews coffee directly into the included vacuum flask (2 litres)
- Features a manual fill water system allowing the machine to be placed anywhere
- User friendly and low maintenance

◀ Self-regulating hot plates. Both hot plates of the HP can be switched on and off independently.

◀ The vacuum flask (2 litres), specifically designed to preserve an optimal coffee quality for long periods of time.
